Why should you advertise your business in Village People?

UNIQUE OFFERING

Village People magazine is an established, award-winning A5 bi-monthly lifestyle magazine which is Royal Mail delivered to over 68,800 country homes in Norfolk and Suffolk. This is a unique business model in the region – no other lifestyle magazine delivers through letterboxes, or offers such a large readership for you to tap into.

TARGET AUDIENCE

Our readers are sophisticated, cultured, affluent and fully engaged with the community, local interests and businesses like you. We appeal predominantly to ABC1 females in their mid 50s, but much of the content is designed for diverse groups of any age, including men. This means a huge target audience for you.

YOUR STORY ON INSTAGRAM

Many Village People readers and followers are active on Instagram, and so are we! Our presence on the platform continues to grow, with more than 60,000 views and over 4,800 interactions each month on our feed. As an advertiser, you can tap into this engagement at no extra cost. We'll support your brand by sharing your news and posts with our Instagram audience, helping to boost your visibility and reach even more potential customers.

CONTENT

Our content is reader-led, which means it's carefully selected to appeal to their interests; lifestyle articles, competitions, recipes, gardening, beauty, fashion, health, interiors, things to do and see and much more. This means readers are interested, focused and more likely to see and respond to your advert.

COUNTRY HOMES

Other lifestyle magazines focus mainly on towns and cities. But Norfolk is more than 95% rural, so there is huge potential for you to find new customers in the 250 villages and surrounding areas we reach.

BRAND VALUES

We strive to ensure that the design, content and production of the magazine is maintained to the highest standards. You can, therefore, rest assured that you are placing your advert in a top-quality publication.

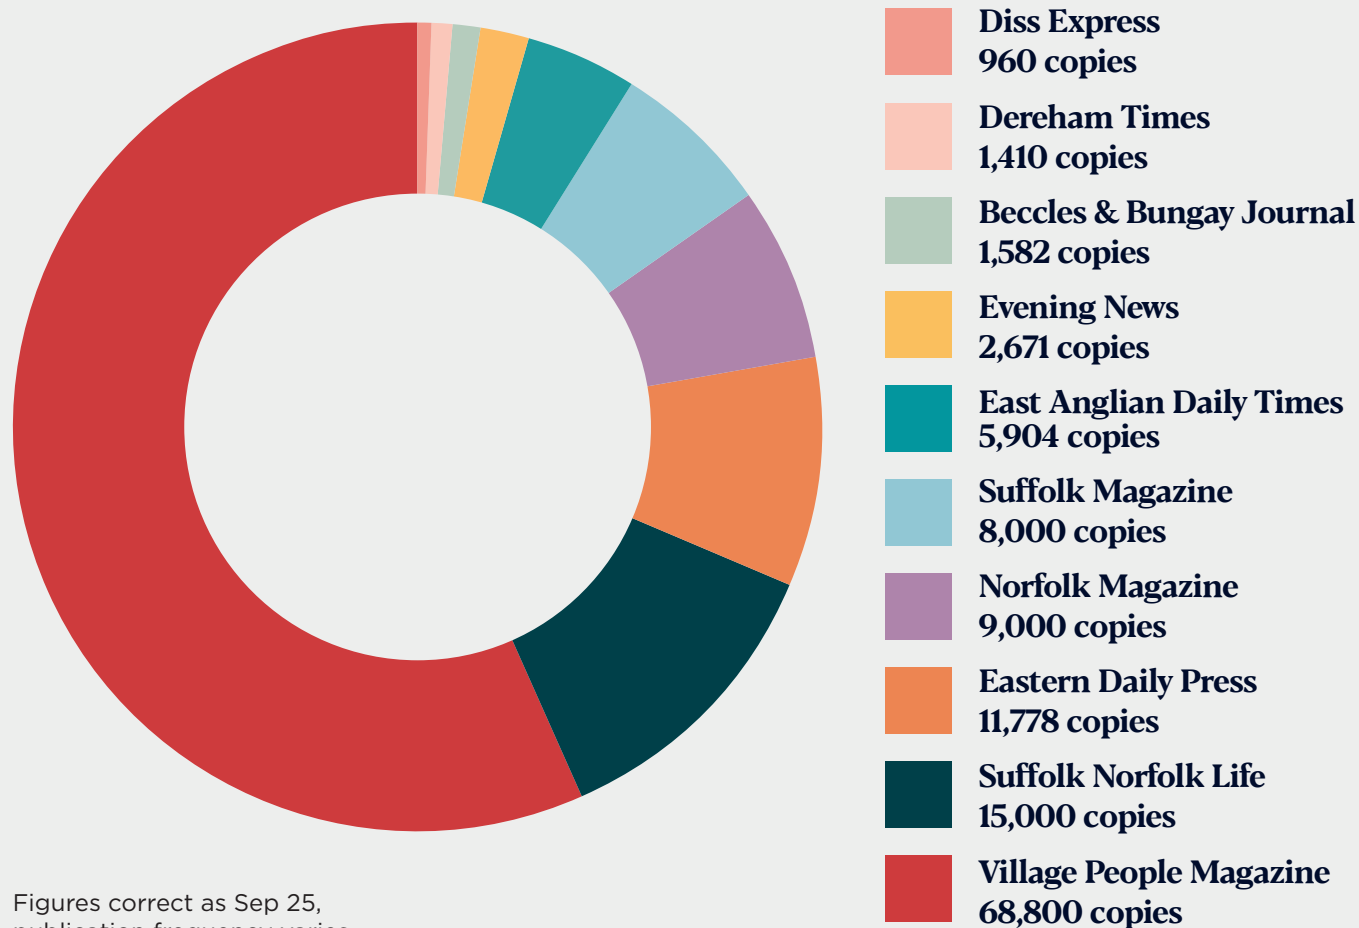

SERVICE

Our editorial and sales teams are professional and highly experienced in their field. They are also local, which means they can advise you on how to get the best return on your investment. We are a friendly team, here to help you succeed, and offer a no-nonsense, honest service.
